Ronald McDonald House Buffalo: WHO WE ARE...

The organization behind the Golf Tournament

Ronald McDonald House Buffalo is part of a global network serving nearly 6 million children and families each year. Since 1974, local chapters have helped keep families together, providing comfort, care, and a place to rest during difficult times. Today, programs operate in more than 64 countries and regions worldwide.

Our Buffalo Chapter opened its Ronald McDonald House in 1983, grounded in the belief that “home” is more than four walls. The House offers a safe, welcoming environment with the comforts of home and the support of staff, volunteers, and other families—just minutes from the hospital.

Our Hospital Programs extend this hospitality to Golisano Children’s Hospital of Buffalo, giving families space to recharge while staying close to their child. Ronald McDonald Hospitality Carts also deliver comfort and care directly to patients’ bedsides at both Children’s and Sisters of Charity Hospital.

Our Mission

The mission of Ronald McDonald House Buffalo is to create and support programs that directly improve the health and well-being of children and their families. The programs and services offered keep families with sick/injured children together and near the care and resources they need.

Our Vision

We believe that when you change a child’s life, you change a family’s, which can change a community, and ultimately the world. We strive to be part of that change and part of the solution in improving the lives of children and their families by providing programs that strengthen families during their medical journey.
